

Lost & Found: William Robinson has been located for Curtis H. Nelson of the U.S., through Bruce Bentwitch and the Aust. Intelligence Association. It is good to put old friends in touch again.

If you think that the label on your envelope has the look of an American production, you are correct. Norman Boehner kindly sent out the surplus Oz labels from their latest computer printout and so our married AWAS and WAAAF get the full treatment with their maiden names as well.

We are appending a few new names and addresses for your membership lists. If any of our welcome new members would like a complete membership list, please advise Gordon Gibson.

News from Alf Bobin is that he has cancer on the right lung, very small and caught in its early stages, and the radiotherapy appears to have been a success. We certainly hope so, and look forward to seeing Alf and Daisy on Anzac Day, in good health. Alf reports visiting Peter Colless in Greenslopes where he had his left leg off about 10" below the knee. We are glad to hear that he, Peter, still has a sense of humour, which will help him win through to better health.

Norma Keeling has visited Marjorie Henderson on her way to Brisbane where she called at 21 Henry Street with Eve Scott and had a great time. More of that, later.

Omission from December Newsletter: Mac Maroney advised that Bill Parks, one of the originals from Domain Road, South Yarra, died in July last.

Bob Burnside became a grandfather on Christmas Eve and we wish him much joy in his new boastful profession - her name is Niki.
